

THE THREE SHIRES MEDICAL PRACTICE

Colerne, Marshfield, Pucklechurch and Wick Surgeries

Local Patient Record Network

Improving your care through the appropriate sharing of information

This practice is a member of the GP Care Local Patient Record Network.

This means that key areas of your medical record may be made available to approved local NHS hospitals and Out of Hours care providers who may be responsible for your care out of hours or in an emergency.

This information will only be accessed by trained staff and only with your consent (unless you are too ill to give it). We believe that sharing this information will improve the quality of healthcare you receive, when you need NHS treatment outside of the surgery, but the choice to share this information is yours.

For a detailed information leaflet or to opt out of making your records available on this local network, please speak to a receptionist.
